BRYAN IMPROVING AS A HOME TOWN!

LIVESTOCK SANITARY COMMISSION WILL QUARANTINE BRAZOS COUNTY

FORT WORTH, Texas, Nov. 15.—1. Whereas, the Livestock Sanitary Commission of Texas has determined by inspection conducted by its authorized representatives or inspectors that fever tick infection exists in Brazos county, Texas.

2. And whereas, said fever tick infection being a contagious, infectious and communicable disease is a serious menace to the uninfected and unexposed counties constituting the Free Area in the State of Texas and that it is deemed necessary by the Livestock Sanitary Commission of Texas that Brazos County, Texas, be quarantined.

3. Therefore in accordance with the provisions of Section 17, Chapter 38, of General Law of the State of Texas as passed by the third called session of the 36th legislature, a quarantine is hereby proclaimed in and around Brazos County, Texas, and said county is hereby placed under quarantine effective the 16th day of November, A. D. 1922, on account of fever tick infection and is subject to the following rules and regulations: All premises, cattle, horses, mules and asses located in said Brazos County, are hereby quarantined, and no cattle, horses, mules and asses shall move or be permitted to move from any premises in said quarantined county, unless and until such livestock are certified to by an authorized inspector or unless a permit is issued by said inspector. In either case said certificate or permit shall be issued by said inspector only after necessary inspection or dipping, or both inspection and dipping as hereinbefore provided for in territory under quarantine for tick eradication purposes. Any person, firm, or corporation who moves any livestock in violation of the foregoing rules and regulations, or any owner or caretaker who permits the movement of any livestock without a certificate or permit of an authorized inspector of the Commission shall be punishable under the laws of the State of Texas. The above provisions are applicable to railroad companies and other transportation companies and they are hereby forbidden to accept for transportation or to transport any livestock from any of said quarantined area, unless such livestock are accompanied by a permit or certificate from an authorized inspector of the Livestock Sanitary Commission under the rules and regulations regulating said movements.

4. All owners and caretakers of cattle, horses, mules and asses located in said quarantined area shall take up tick eradication under the rules and regulations of the Livestock Sanitary Commission and continue active tick eradication until their premises and livestock have been freed from infection and exposure to the fever tick.

5. All railroad companies in said quarantined area shall lock all shipping pens located therein and permit no cattle, horses, mules and asses to enter same unless accompanied by a permit or certificate from an authorized inspector of this Commission.

6. The Livestock Sanitary Commission hereby establishes the foregoing quarantine, and adopts the foregoing rules and regulations, to be in effect in and around said quarantined area, on and after the 16th day of November, A. D. 1922. WITNESS our hands this 14th day of November, A. D. 1922. LIVESTOCK SANITARY COMMISSION OF TEXAS, By: J. L. BOOG-SCOTT, J. B. MURRAH, PAUL L. SMITH, Commissioners.

R. E. SMITH, supervisor of Tick Eradication for Brazos county.

KURTEN WOMEN FOR DEMONSTRATION WORK

(Special to the Eagle)

KURTEN, Texas, Nov. 15.—The Kurten Women's Home Demonstration Club met in regular session with Mrs. Lang, the first Wednesday in November. The subjects discussed were Millinery and Christmas Suggestions. Some very helpful ideas were exchanged between the members and Miss Rotan. In the business session of the club a more unique organization was affected by voting to appoint several new committees. Those appointed were Mrs. Koppe, Miss Agnes Valinta, and Miss Willie Kelly, social; Mrs. Tyler, Mrs. Kaskie and Mrs. Prinzel, cooking; Mrs. Kurten, Mrs. Jack Lawless and Mrs. Tobias, sewing. Besides a good number of regular members several new members and visitors were present, making about twenty-five in all who attended.

On Friday night a negro minstrel was given at Kurten school house. Besides a very enjoyable program of negro melodies, jokes and sermons, the serious attention of those present was called to the community's need of an organization for the betterment of the community socially, financially and educationally. It was afterwards decided to go into the organization of a club. The officers elected were Mr. L. N. Tyer, president; Mr. Louis Klentworth, vice president; and Miss Mary Lou Prinzel, secretary-treasurer. With this efficient corps of officers we may expect to hear much of Kurten Community Club in the future. The meetings are to be held the first Friday night in each month.

COMMISSIONERS COURT HELD A SHORT SESSION

The Brazos County Commissioners court met Monday, County Judge H. O. Ferguson presiding and Commissioners Jno. M. Moore, C. M. Risenberger and George P. Edge present. Commissioner C. M. Degelia of Steele's store, was prevented from attending the session of the court on account of the heavy rains. Only a short session was held.

Mrs. J. L. Sample of Tabor went to Houston Tuesday to visit her aunt, Mrs. J. H. Hickman and to see the Houston fair.

MRS. PHILLIPS FOUND GUILTY OF MURDER IN THE SECOND DEGREE

(By Associated Press.)
LOS ANGELES, Nov. 16.—A verdict of murder in the second degree was returned by the jury today in the case of Mrs. Clara Phillips, charged with beating Mrs. Alberta Meadows to death with a hammer. The story goes that Mrs. Phillips heard that her husband was attentive to Mrs. Meadows and she took her out in her car and killed her. Mrs. Phillips fled to Arizona and was arrested.

ROBERTSON COUNTY OFFICERS
FRANKLIN, Robertson County, Texas, Nov. 13.—The following officers for Robertson county were elected at the recent general election: Representative Cecil A. Morgan; County Judge, Joe Reid; County Attorney, Ben L. Parten; District Clerk G. O. Galloway; County Clerk, J. C. Hambo; Tax Assessor, Gus Kellogg; Tax Collector, Sam Rogers; Sheriff, W. R. Thompson; County Superintendent of Schools, W. R. Goodman; County Treasurer, J. P. Truett; County Surveyor, W. T. Grant. All were Democratic nominees and had no opposition.

DEATH OF MARTHA KIDD.
Many Bryan friends will regret to learn of the death of Martha Kidd, the fourteen year old daughter of Mr. and Mrs. Dan Kidd of Navasota, which occurred Friday at 9:30 p. m. at the home of her parents. Mr. and Mrs. Kidd and family were formerly residents of Bryan and a wide circle of friends here sympathize with them and their splendid family in the loss of this beautiful and gifted daughter. The funeral will be held from the family home this afternoon at 4 o'clock with interment in the Navasota cemetery.

DEATH OF A BABY.
Mr. James H. Webb received a telegram Saturday afternoon telling him of the death of his month old little granddaughter, at Yazoo, Mississippi, daughter of Mr. and Mrs. John Sharp Williams. Mr. and Mrs. Williams have many relatives and friends in Bryan who are grieved to learn of their sorrow and who deeply sympathize with them in the loss of their darling little baby. Mrs. Webb is with her daughter.

FOR A WELLBORN DINNER
Colonel W. E. Graham of Rock Prairie, was in town Monday and called at the Eagle office. Mr. Graham is greatly interested in the Wellborn community social and civic work being done by the club and is talking about a great "get-together" dinner there in the near future and the citizens of Brazos county will be asked to attend and co-operate. The Eagle hopes the dinner will be given. There is nothing better for a town and county than acquaintance and friendship. It is so in Wellborn, in Bryan, in Brazos county and Texas. Let the good work go on.

KROUSE-SEDLACEK WEDS
At the home of the bride's parents, Mr. and Mrs. J. Sedlacek, of Fountain on Wednesday afternoon at 4:30 o'clock, Miss Frances Sedlacek was given in marriage to Mr. C. E. Krouse, son of Mr. and Mrs. C. Krouse of Tabor, Rev. J. J. Tatum officiating. Only members of the immediate families were present and Mr. and Mrs. Adolph Kopesky and Miss Lottie Kopesky of Edge, good friends of the contracting parties. Immediately after the ceremony, good wishes and congratulations were extended and Mr. and Mrs. Sedlacek left for South Texas to make their home near Victoria, where Mr. Sedlacek is a prosperous farmer.

Rev. J. J. Tatum and County Agent C. L. Beason called at the Eagle office Thursday morning. They have recovered from the dengue by eating Col. A. D. Jackson's celebrated chevon. We have not heard from Col. W. F. Gibbs and don't know what chevon did for him. We hope he will survive after eating three times a day. It is said to be a wonderful meat since it got its new name.

Mr. H. H. Prager brings the good news that Mrs. Prager, who has been so critically ill, is holding her own, taking nourishment and some sleep, which bespeaks for an improvement.

Mrs. U. M. Williams of Houston is here on a visit to her parents, Mr. and Mrs. S. H. Franklin.

Paving has actually begun on East 26th street. A large force of men are out at work and the work is progressing.

COTTON MARKET

Cotton futures dropped 100 points today. Local spots quoted at 24 1-4 cents, middling basis.

At the meeting of the board of directors of the Bryan and Brazos County Chamber of Commerce held Tuesday morning there were quite a number of interested visitors and a good attendance of members of the board. The question of paving the streets of Bryan was discussed by Hon. F. L. Henderson, Chairman Oak McKenzie and Major L. L. McInnis; the question of highways and roads in Brazos county, by Rev. J. J. Tatum, Judge H. O. Ferguson, Lee J. Rountree and the City Cemetery Association work by President Geo. A. Adams and the consensus of opinion is that some good constructive work will be done soon for the future. City Manager McAdams stated that paving would begin on 26th or 27th Street in a few days.

MANY WERE PRESENT

President W. H. Cole presided at the meeting and Secretary S. E. Eberstadt was at the desk. Present were Travis B. Bryan, W. H. Cole, J. N. Dulaney, Judge H. O. Ferguson, E. J. Fountain, F. L. Henderson, M. L. Parker, Jno. M. Lawrence, T. K. Lawrence, J. D. Martin, Oak McKenzie, E. D. McAdams, Major L. L. McInnis, Lee J. Rountree, A. M. Waldrop, M. E. Wallace and Secretary S. E. Eberstadt. Visitors: City Commissioner H. A. Burger, J. E. Covey, George A. Adams, and Rev. J. J. Tatum. Secretary Eberstadt reported that the Kurten Community Club organization on Saturday night and the Harvey box supper on Friday night, both occasions Secretary Eberstadt attended and assisted in their success.

ADVERTISING COMMITTEE

Secretary Eberstadt reported that for the month of October the Advertising and Soliciting Committee refused to endorse 14 advertising schemes, the amount of money to be raised by these schemes amounted to \$4000 besides this, three solicitors for charity organizations as these persons could not show satisfactory credentials and that eight men were turned down from soliciting subscriptions for magazines without credentials, which altogether for October the committee saved the business men and citizens conservatively estimated for one month at \$4000.

REV. TATUM SPEAKS

Rev. J. J. Tatum was introduced as the Fighting Parson and made a patriotic address on building highways and improvements for the future. George A. Adams at the request of the Brenham Chamber of Commerce asked that Secretary Eberstadt be given a leave of absence to aid Brenham in organizing a Building and Loan Association and after discussion a motion was made by Jno. M. Lawrence that Secretary Eberstadt be granted a leave of absence at the discretion of President Cole and Secretary Eberstadt.

GENERAL IMPROVEMENTS

The consensus of opinion is that with the united efforts of the Chamber of Commerce and the whole citizenship of Bryan there will be better homes, better streets and better schools in Bryan and better highways in Brazos county. Bryan is destined to be a home town and is already regarded as one of the best residence places in Texas. A spirit of optimism will bring about even more improvements, was the opinion of all present at Tuesday's meeting which was one of the best held for some time.

PRESIDENT WALDROP RETURNS FROM HOUSTON

President A. M. Waldrop of the State Retail Clothiers' Association has returned from Houston, where a board of directors' meeting was held Sunday and Monday. President Waldrop reports a most successful meeting with great enthusiasm. The board chose Galveston as the next meeting place for the annual sessions, with May 7, 8 and 9 as the dates. The directors were extended many social courtesies by the local clothiers, among which was a trip Sunday afternoon to the San Jacinto battlefields with a delicious chicken dinner as a climax.

AMOS JONES CHARGED WITH RAISING MONEY

Sheriff L. E. Morehead on Wednesday sent to Houston to federal officers, Amos Jones, colored, who was wanted on a charge of raising a \$1.00 bill to \$10.00 and passing it on Ed Martin at Moore's store, buying 20 necks worth of candy and getting \$9.80 in change for the \$1.00 bill. Mr. Martin discovered the fraud in a few minutes and the negro was captured. The case will come before the federal grand jury for trial in the U. S. court at Houston.

BRYAN EASTERN STAR CHAPTER HELD GOOD MEETING MONDAY EVE

Despite the inclement weather a half hundred or more gathered for the regular meeting of Bryan Chapter No. 222 Order of the Eastern Star, Monday evening at 8 o'clock in the new chapter room in the Masonic Temple. Bryan can now boast of one of the most artistic and beautiful chapter rooms in the state. With its tinted walls in tones of tan, beamed ceilings and dark oak woodwork makes a fitting background for the handsome oak furniture and chapter paraphernalia. A touch of floral beauty was given the room with cut flowers appropriate to the degrees, basked in red baskets, under the direction of Mrs. Thos. Landine. Three candidates, Miss Sarah Williams, Mr. Newport and Mr. Gough, were initiated into the beautiful mysteries of the order. After the regular business session short talks for the good of the order were made by the new members and visitor. Miss Kathryn Parker of Fort Worth. Mrs. Lee J. Rountree, delegate to Grand Chapter, Dallas, gave her report and Mrs. M. R. Bentley gave in graphic fashion echoes and impressions of the meeting. A get-together half hour was spent following adjournment, when Mrs. George Smart, Mrs. H. Ness, Mrs. J. R. Wright, Mrs. F. B. Brown and Mrs. E. W. Price served a delicious refreshment plate of individual pumpkin pie, cheese balls and hot coffee. Plate favors were lavender chrysanthemums. Thus closed one of the most successful meetings of the entire year.

SEN. AND MRS. LEWIS VISITORS IN BRYAN

Former State Senator Perry J. Lewis, of San Antonio, was a visitor at the Eagle office Thursday morning. Senator and Mrs. Lewis are in Bryan to visit relatives of Mr. Lewis, Mr. and Mrs. J. Hill Wilson, Mrs. M. W. Sims, Sr., and others. Senator and Mrs. Lewis were married in Bryan. After a friendship of 30 years it is a pleasure to meet Senator Lewis again. Along in the 90's he was one of the men in Texas who aided as a member of the Texas senate in passing some of the great constructive laws that wrought well in their day. They build Texas on a safe foundation and during the time doubled her population, taxable wealth and business. Senator Lewis now has some definite ideas as to the building for the future. He has always been alert as to public issues and was strongly solicited to enter the race for congress in the San Antonio district in the 1922 campaign. He ought to be in congress and would be if he would make the sacrifice that it takes to win public office under the present laws and manipulations. To such men as Senator Lewis must be entrusted the future of Texas because he and others have been able to lay the foundation that is enduring. It is always a pleasure for the Eagle to welcome Senator and Mrs. Lewis back to Bryan.

REP. QAID GIVES GOOD REASONS FOR CONSTITUTIONAL CONVENTION

(By Associated Press.)
EL PASO, Texas, Nov. 16.—Representatives J. E. Quid, of El Paso, and Lee J. Rountree, of Bryan, are drafting together a resolution to be submitted at the next session of the Texas legislature, calling for a constitutional convention. These representatives backed by several Texas legislators, they say, desired to have the constitution re-written for three reasons, primarily. They want "education to have a better chance;" they want the constitution changed so "more good roads can be constructed," and they "want taxes more equally assessed."

"The present constitution, written in 1876, can not meet the needs of the present," said Mr. Quid. "School authorities are demanding more money for education, which we cannot give under the present constitution."

"Then take the question of good roads. More good highways are needed, but it is difficult to get them as things are now. If a county will vote bonds for good roads the state will match the bond issue dollar for dollar and the federal government will do the same. The federal government will appropriate \$4,000,000 a year this way, matching state aid, but the state cannot issue more than \$2,000,000 worth of road bonds a year. If the constitution were changed a county could get lots more help. For example, the various counties could vote \$4,000,000 worth of bonds, the state, \$4,

BRYAN AND BRAZOS COUNTY ORGANIZES GOOD CHEER FUND

The time is fast approaching when the citizens of Bryan and Brazos county will be given the happy privilege of contributing to the Good Cheer Fund, an organization, which has for its sole purpose and aim the helping of the poor and needy and providing Christmas cheer for those who would not have any if not given by this organization. This organization had its beginning in the Knights of Pythias lodge and was conceived by the late W. S. Wilson, Jr., to bring cheer to those in distress, following the 1914 overflow. Associated with him were George E. Hadley, H. A. Burger, J. M. Caldwell and J. T. Maloney. The first year of its existence the Bryan and Brazos county citizens contributed, \$1,400 and much relief was given, spreading cheer among the unfortunate and forgotten. Realizing this was a work to be carried on by all the people, all the year around, rather than by one organization, the Knights of Pythias after one year, turned the work over to the Pastors' Association. They in turn appointed a committee of two from each church as members of a general committee, which were to organize and carry on the work. At the first meeting held November 19, 1915, at the First Baptist church, the following officers were elected: Mrs. M. B. Parker, president; Mrs. J. L. Brock, secretary; R. A. Harrison, treasurer. These officers served faithfully for five years and during this time hundreds of suffering children were looked after and aided; women were placed in employment and protected and in every instance immediate relief was given every appeal, asking no compensation for untiring efforts, other than the consciousness of having rendered humanity a helpful service. In 1920 Mrs. Parker refused to longer serve in the lead and Mrs. J. L. Brock was chosen president, Mrs. M. B. Parker,

vice president, Mrs. Lee J. Rountree, secretary; M. M. Erskine, treasurer and there are the officers serving at the present time. It is hard for the public to be fully informed as to the great work of this organization, for it cannot be told, in most every instance the work, so delicate it would be a pity to flaunt the misfortunes of the unfortunate before the public. Yet there are certain facts as to the work and methods followed that every citizen should know and study.

Why Have Such an Organization?
The poor are with us and must be helped. The work should be shared by all who are able to assist. Care must be taken that the unworthy are not helped. Some one must take the time to investigate. There must be system in every good work. No assistance is given except on the personal investigation and indorsement of two of the board.

Administration Expenses

None whatever. No salaries are paid. All money collected goes into the relief of some actual need.

Work Done This Year

Over three hundred needy persons have been aided during the past year, an average of almost one per day. Food, clothing and fuel have been provided when actually needed. The sick have been furnished medicine and other necessities. The lives of children, men and women have been saved through this timely work. Some have been helped to get to friends who would care for them. Temporary want only is relieved.

Little did the men who launched the movement realize they were putting into motion an organization that would grow into such proportions as it has today and would be the instrument by which so much good is accomplished. All honor to the founders and their successors, who are so faithfully carrying on the work.

NEW OIL DERRICK NOW IN SIGHT AT BRYAN

The first oil derrick ever to be erected in sight of Bryan has just been completed. It is about three and one-half miles west of the city. The boiler and other machinery has been hauled out to the location and a great deal of casing has been unloaded here to be hauled out. Drilling on this well will begin in a short time. A new derrick is also being built by the S. E. J. Cox people at Wixon Lake, in the eastern part of the county, at the well that was begun by the Two Rivers Oil Company, which was taken over by the Cox interests and which had been drilled to a depth of 2000 feet. A derrick has also been erected at Tabor, 9 miles north of Bryan, and the machinery is being placed on the ground. There is much oil activity here now and it begins to look as if the county is to be thoroughly exploited within the next few months.

STEEP HOLLOW ELECTS CEMETERY OFFICERS

(Special to the Eagle)

STEEP HOLLOW, Texas, Nov. 16.—A crowd estimated at four hundred, answered the call of the Parent-Teachers' Association for a spend-the-day party on Saturday, November 11th, to work the Steep Hollow cemetery. The crowds came from Wellborn, Reliance, Bryan and Harvey, all brought well filled baskets and a delicious dinner was served on the grounds. The Parent-Teachers' Association, with Mrs. I. M. Cook, president and T. P. H. secretary-treasurer, are taking the lead in the community work of Steep Hollow and at this time a cemetery department was organized and added to the other activities of the association. The object of this new department is to care for and beautify the "City of the Dead" at Steep Hollow. The following financial committee was appointed: Steep Hollow—Miss Laura Mimms, Miss Beasie and Bettie Risinger, Lola Foster and Mattie Moore; Harvey—Mrs. E. Peters; Wellborn—Mrs. J. H. Hensarling; Bryan—Mrs. Ethel Edmonds, Miss Martha Martin and Mrs. Charles Eden. It is the duty of this financial committee to interest those who have loved ones buried in this cemetery and are asking a contribution of \$1.00 for its up-keep. The Parent-Teachers' Association meets once a month and are doing a great work for the Steep Hollow community.

Editor George Robinson of the Waco Times-Herald declares his copy of the constitution of the United States does not contain the Eighteenth Amendment. Well, George, you remember what became of the man who took his corn to mill with a huge stone in the other end of the sack. This man wondered why all of his horses were dead from overwork.

The Dallas News says: "It's been a hard year on predictions." The men who did the most predicting knew the least. That was the trouble where "ignorance is bliss" etc.

Vision's Value

Do you appreciate the importance of good eye sight?

If your sight is not perfect you could make every effort to improve it. Glasses may be necessary but this is a question you cannot decide for yourself.

Eyestrain is often unsuspected as such by the sufferer as the sight appears to be perfect.

Our system of examination is thorough. If your eyes trouble you in any way we shall be pleased to advise you whether yours is a case for glasses or not.

Editor Sam E. Miller of the Mineral Wells Index, says that the reason Sam P. Harben, of Richardson, is so popular is because he has so many good clothes. Sam Braswell of Clarendon says that Sam Hill is popular because of his name. At the same time we will meet the Sams at Galveston and find out "who is who." This is a serious question.

We rejoice to see a beautiful Christmas tree loaded with gifts and decorated with gifts but somehow Santa Claus coming on reindeer down the chimney is a beautiful custom. But let's all be happy this Christmas anyway, for Santa Claus will come if we are good.

The vote in Teneha the home of George E. B. Peddy was: Mayfield 233, Peddy 134. Peddy also lost Shelby county. The Eagle regrets that the politicians ruined George Peddy, a young man of much promise in his recent fight against James E. Ferguson.

Now Kurten has organized a community club for social and civic purposes and will soon take her place with Tabor and Millican. Let other Brazos communities follow Kurten's splendid example.

The election is over. The Baylor-Aggie game is a thing of the past. Now let the Aggies get ready to win the Longhorn game at Austin on Thanksgiving Day.

Remember the dates of the Brazos County Poultry Association exhibition at Bryan will be December 6 to 8. Do not fail to prepare to attend.

COLONEL JACKSON AND JULIUS CAESAR AT BAT.

Col. A. D. Jackson, executive assistant of the A. and M. College Experiment Station, talks eloquently regarding the new meat, chevon. But so far the Eagle has seen none of this juicy morsel that seems to have sprung into existence over night. Colonel Jackson intimates that this is a wonderful meat—perhaps the sort that Julius Caesar became so great by eating—and will melt in your palate; but what we want to see at present is the real meat. Otherwise, the talk about this juicy, luscious and perfumed morsel is "sounding brass and tinkling cymbal."—Bryan Eagle.

Oh, you may have partaken of chevon, otherwise goat, under some other designation. A rose by any other name would smell at least as good as goat. Colonel Jackson's eloquence may find inspiration in chevon, or anything else equally strong, but he will have a time in converting the great common people to a preference for chevon over chicken. It is doubtful if he has converted many of his conferees at A. & M. College. State-Press recently sat at table, or at meat, as the old time writers expressed it, with Colonel Jackson, and he positively did not order chevon. Possibly he refrained in courtesy to S. P., who is violently opposed to goats. At any rate, the chevon champion ordered no chevon, but did, on the other hand, wrap himself around a choice bit of beef. If Editor Rountree of the Eagle really wants a sample of chevon, let him get somebody's goat.—State Press Taylor in Dallas-Galveston News.

The remark of State Press that Colonel Jackson talks beautifully about the luscious chevon and "wraps himself around beef steak" reminds us that Henry Ford does not ride in Ford cars but rides other makes. We are living in a new age of camouflages and are playing the game in peculiar fashion. Just the same we are deeply interested in the success of chevon and will back Dr. Youngblood and Colonel Jackson in giving chevon a national reputation because it originated in Texas. We try to be patriotic when it comes to the preservation of our interests.

MR. KRAFT MEETS EDITOR SAM E. MILLER

Editor Lee J. Rountree, Bryan, Texas. Dear Mr. Rountree:—I was in Mineral Wells all of last week and while there I had the pleasure of calling on your friend and member of the famous "Texas Sam Club," Mr. Sam E. Miller, editor of the Index. If your associates in the state are all of the same high order as Mr. Miller then I think you are perfectly safe when you are traveling from home. Last week I was at Mineral Wells, this week I am at Spearman in the Panhandle, a live, thriving little town in Hansford county, next week I will be at Dalhart and then on to Alton and Lubbock. I am helping the vocational agricultural teachers to put over their work. Hope to see your friends Lee Satterwhite and Senator W. H. Bledsoe, of Lubbock before I leave this county. Yours Truly, J. HORACE KRAFT.

Referring to the above, Bro. Kraft, the Eagle is glad you are out mingling with your fellow citizens of Texas. You will find such men as Editor Sam E. Miller, of Mineral Wells, Representative Lee Satterwhite, of Panhandle and Senator W. H. Bledsoe, of Lubbock, men of the first class. It will help you to go out and meet them and thousands of others occasionally. The acquaintance and friendship of real men, those not afraid to perform some public service even without pay is worthy of emulation. It's a fine thing to become better acquainted in Texas, Bro. Kraft. Good people are the same everywhere if you learn to know them. Texas is a great state, large in its area, is a commonwealth as it contains one half of one percent of the land of the world—a commonwealth. The editor of the Eagle feels as much at home in El Paso, Corpus Christi, Brownsville or Texarkana or Texline as he does anywhere because this is our native land and we have true, loyal and dear friends everywhere.—Editor Eagle.

TO AMEND TEXAS POLL TAX LAWS

(Dallas-Galveston News Special)
AUSTIN, Texas, Nov. 11.—Representative Lee J. Rountree of Brazos county was here Friday and announced that he will offer a bill in the next legislature to amend the poll tax law so as to require voters to indicate their political preferences when they pay their poll taxes and to have that preference recorded in the receipt. Mr. Rountree expressed the opinion that such a law would tend to keep men without their own parties and to stop the heated political controversies in Texas like that recently engendered in the senatorial campaign which he declared was unnecessary for the peace of Texas. "The receipt will show whether the man is a democrat or republican, or what party, and he will be required to show that receipt when he votes," said Mr. Rountree, "and in that way he would not be tempted to offer a republican receipt in a democratic primary, or vice versa."

In discussing the intricate election tangle just passed through in Texas Mr. Rountree said that the solving of the question was simple as the rule that does not allow a Methodist to go to a Baptist, Presbyterian or Catholic service and offer a disturbance by attempting to vote in such a conference. Another thing he said "a primary election on the same day for all political parties would tend to have men vote where they belong. No man could be forced to go into any political party but when he goes in he should stay in at least two years."

Mr. Rountree said that he will be joined by Representative John E. Quaid of El Paso in offering a resolution calling for a constitutional convention for Texas. "It will not submit the matter of calling the convention to the people," explained Mr. Rountree, "but will actually provide for holding the convention and fix the basis of representation, the date and the place the convention shall meet. While here Mr. Rountree called on the Governor, Attorney General, Board of Control, Texas Railway Commission and other departments investigating legislative needs for the January term of the legislature.

STRANGE DOCTRINE

Col. George Tucker, editor of the Gilmer Mirror, and father of the distinguished sport writer Jinx Tucker, of Waco, Says: "Editor Lee J. Rountree, president and organizer of the Flowers for the Living Club, Editor of the Bryan Eagle, and member of the Texas Legislature, at one time president of the National Editorial Association, and perpetual 'good fellow,' with always a kind word for his fellow newspaper workers, has been educating the fraternity in overhead, but stopped to hurrah the 'Sam Club' of the press association, from which he has been barred. Until we have almost forgotten the explanation. However, we do remember it included generous tips to the waiters at high priced hostelrys, but as we generally carried our lunch, to Waco, Dallas and Houston that part of it never bothered us." O, George you remind us of the recent statement of State Press Joe Taylor, of the Dallas News, who advised the Nacogdoches tomato raiser who sold six crates of tomatoes and realized 30 cents clear money while they sold for \$180 in Dallas and the waiter who served them got a diamond ring and a gallon of moonshine whisky as tips, to go home and shave himself. He didn't make money enough to buy a shave as the original producer. This, too, reminds us George, of the man who said he raised 10 bales of cotton without cost as his children planted, picked and cultivated it. But few persons understand overhead, George.

HARVEY COMMUNITY BOX SUPPER GIVEN

On Saturday night, November 11, the Harvey school building was filled to its capacity, the occasion being a box supper given for the purpose of raising funds to purchase additional seats for the school auditorium.

Mr. D. Cargill and Mr. K. Kelly on the violins; Mr. G. Lloyd and Mr. C. Kelly on guitars, furnished the musical program. The Literary Society of the school gave a highly interesting and entertaining program of songs and readings.

Prof. Noah Cole, principal of the school then stated the purpose of the gathering, and introduced County Agent C. L. Beason. Mr. Beason delivered a splendid talk on community co-operation as brought about through such gatherings as this. He then introduced his ready lieutenant, Secretary S. E. Eberstadt who officiated as auctioneer. Sam got busy at once and sold box after box, and the only reason he didn't get more money, was that those who planned the affair didn't provide boxes enough. A large and beautifully decorated cake made and donated by Mrs. A. C. Williams was auctioneered off and brought \$10. The contents of boxes were then spread and all feasted to their heart's content. The affair was an enjoyable one throughout.

DEATH CLAIMS LITTLE MISS MARIE BENBOW

At 10:30 P. M. on Thursday, November 9th, death claimed Marie Benbow, the precious little ten year old daughter of Mr. and Mrs. E. T. Benbow of Tabor. For five long months, the life of little Marie has hung in a balance. Stricken last June with that dread disease meningitis, she has suffered untold pain, but with patience and fortitude unparalleled for one of her age. All that medical skill, and loving care could do, was done, and for a time, it seemed that the crisis had passed, and hope came again into the hearts of the loved ones around her. She was enabled to be wheeled in a chair and with the health giving out-doors, color came again to her pale cheeks and brightness to her eyes. Dengue fever was contracted, and in her weakened condition, was followed by pneumonia, which was more than the frail little body could bear, and God took her out of this world of pain and suffering.

On last Sunday afternoon little Marie was brought into Bryan to the home of her aunt, Mrs. Beatie Benbow, for special treatment from physicians, and her death occurred in this home. A devoted father and mother and one little brother, Evan Benbow, are bereaved, also grandfather and mother, Mr. and Mrs. W. H. Benbow, and many other relatives and loving friends. The funeral was held this afternoon at 1 o'clock, with interment at Alexander cemetery, near the family home at Tabor.

MR. AND MRS. COLE HOSTS

The W. H. Cole home, one of the most beautiful and well adapted to entertaining in Bryan was the setting for a happy congenial company of 42 players Friday evening, when Mr. and Mrs. Cole were hosts for the regular meeting of the "42" club. A touch of floral beauty was given the home throughout, with bright hued golden cosmos, which emphasized the autumnal season. There were players for four tables and the games were spirited and enthusiastic. Following the games a delicious refreshment plate of chicken salad, cheese straws, sandwiches and hot tea were passed, well sustaining the reputation of Mrs. Cole for her excellent culinary art. Those enjoying the game were: Mr. and Mrs. E. F. Fountain, Mr. and Mrs. Hendrix Conway, Mr. and Mrs. N. F. Lockard, Mr. and Mrs. J. N. Dulaney, Mr. and Mrs. Jim Dunn, Mr. and Mrs. F. L. Henderson, Mr. and Mrs. Marshall Bullock, Mr. and Mrs. Clarence Vick, Mr. and Mrs. W. H. Cole; Mesdames J. E. Covey, Lee J. Rountree, H. O. Boatwright, Dora Evans, Mrs. E. E. McAdams and Charley Cole.

POSSUM HUNT GIVEN BY YOUNG BAPTISTS

Friday night was an ideal time for a "Possum Hunt" and the young folk of the Free Baptist church, thirty in number, met at the church in automobiles and trucks at dusk and with Rev. C. B. Thompson and Mrs. Leila Evans as chaperons, started for a "hunt". They motored to Wellborn, where they left their cars, and with dogs, horns and an enthusiastic crowd of hunters they began the tramp through the woods in search of "game". The first twenty minutes of the hunt, they bagged two big fat opossum, and the eager dogs led them on and on from tree to tree in the hunt, until two more were caught. Fully satisfied with the game the crowd tramped back to the cars, and after building a big fire, enjoyed a weenie roast with the added good things that are contained in a generous picnic basket.

BRAZOS COUNTY BOYS AND GIRLS CLUB DEPT

Club Notes and Farm News by County Agent C. L. Beason.

District Agent A. W. Buchanan advised County Agent C. L. Beason Monday from Houston that on account of the rain club day at the fair had been reset for next Friday, November 17. All club members, and others who desire to attend the fair on that day, will be governed accordingly, remembering that the county sending the largest delegation of club members will receive \$100 in cash prize. If Brazos county should win this prize the money will be put up as prizes for club work in Brazos county next year. Those planning to make the trip should notify the county, or home demonstration agent, who will try to arrange for accommodation on last train leaving Bryan about 4 p. m. Friday. Mr. Buchanan states that the fair is very fine this year.

Teachers Are Interested

Perhaps never before have the teachers of Brazos county taken so much interest in community organization as at the present time. This is as it should be. The success of the schools depends, not alone upon the efforts of the teachers, but also upon the co-operation of the people of the community as well. In no more effective way can people co-operate than by united efforts such as characterize the live, wide-awake, progressive community organization. The school is the greatest enterprise in any community, and it should be so conducted that it will vitalize every activity which has for its purpose the happiness and prosperity of the home, the training for citizenship, and the social and economic development of the community as a whole. Fortunate is the community with teachers with such a vision. The fullest compensation will come to them only in the consciousness of having rendered humanity a helpful service, or in the consciousness of having taught the youth of our country the eternal principles of justice and right.

Harvey School Supper

At the Harvey box supper last Saturday night, Noah Cole, principal of the school, stated that the seating of the school auditorium was one of the goals set for the year's activities in connection with the regular school work. From the loyal support the Harvey people gave the box supper we predict for Mr. Cole and his school an easy task in providing funds necessary for seating the splendid auditorium of the Harvey school building. The women and young ladies of the community had tastefully prepared a score or more of boxes which sold with a snap characteristic of the occasion. One of the best boxes was sent to Master E. R. Lloyd, who had the misfortune of breaking his leg at Bryan West Side school some days ago. County Agent Beason stated that but for the accident the youthful musician would have been present to assist in the splendid musical program of the evening. O. L. Andrews, a prosperous farmer of the community, enjoyed the distinction of winning the fine cake on a ten dollar bid. Secretary Eberstadt declared that several of the boys were forming a pool to bid on the cake but were too late getting their plans on foot.

retary Eberstadt declared that several of the boys were forming a pool to bid on the cake but were too late getting their plans on foot.

Fall Land Preparation

Now that rains have come, club members, and farmers as well, as to that, should remember that fall preparation of land may add many bushels to the yield of corn next year. If each one who produced corn this year had made each ear one inch longer the production would have been increased three hundred millions of bushels. This could have been done by proper preparation, seed selection, cultivation and fertilization. Neglect any one or all these and we may expect to continue to ask prices of the Bryan feed stores. We remember that in old Alabama it was considered a reflection on a man as a farmer to be seen with a sack under his arm hunting corn for sale. It is fortunate that such test is not used on us now.

Problems to Tackle

Two years ago some writer declared, in speaking of the general outlook of the country, that we had lost control of the steering wheel of the machinery of the age, and that the brakes were gone, and we were out on a joyride on a pike leading to a wady marsh. Another declared we could not stand the expense of automobiles and ball games, but automobile factories are increasing their output while the attendance at ball games grows larger. Tenantry is on the increase; farm lands becoming less productive; the farmer and his family are moving to town. Some picture to be held! Some problem for the economist and the statesman to tackle!

In order to encourage cover crops Gabe Cazell is furnishing seed oats to his tenants who are breaking land and sowing oats for the benefit of cover crop. Already Mr. Cazell has oats large enough to furnish fine grazing for his stock.

One farmer, in speaking to the county agent declared he wanted his land terraced, but he did not want crooked rows in his field. Some times it is a choice between crooked rows and a fertile soil, and straight rows and a depleted, or worn out soil.

It is reported that the Wellborn people are talking a community fair for next year. That is a splendid idea. Now is the time to make preparations for a fair, and not after crops are made. Prizes offered should stimulate quality and production of farm crops, livestock, poultry, etc., and not merely be given for whatever can be assembled after it has been produced.

Noah Cole, principal of the Harvey school, is planning to have Miss Roten, home demonstration agent, conduct a beef canning demonstration soon. While yearlings are fat and cheap the home canner should be running on full time.

THE KURTEN COMMUNITY CLUB WAS ORGANIZED FRIDAY NIGHT

For a long time the citizens of Kurten have been discussing a community club, and Prof. Tyers, the live and very efficient principal of Kurten school set Friday night, November 10, as the time to cross the goal. The large school building was crowded, many standing, and a fair estimate would be 300 in attendance. The program opened with a black-face minstrel first part, Prof. Tyers acting interlocutor, Everett Martin as an end man brought down the house with his great jokes. Miss Laura B. Roten, home demonstration agent made a big hit in her rendition of the song, "Swing Low, Sweet Chariot," others in the cast, each of whom kept the house in an uproar of laughter, were Mrs. Everett Martin, Mrs. Emma Griffith, Mrs. Lang, Mrs. Tyers, Fred Horling, Robert Buchanan. After the minstrel, Prof. Tyers delivered a splendid address on "the educational needs of the hour," and strongly advocated that Kurten people get together under the banner of a community club. Prof. Tyers called on Secretary S. E. Eberstadt of the Bryan Chamber of Commerce as a man who had done great work in the county in organizing community clubs. Mr. Eberstadt addressed the gathering for 35 minutes on the subject of "Community Spirit," and told of the work that Tabor, Millican and Wellborn had done and were doing. Mr. Eberstadt then called on the audience for an expression, whether they wanted such a club or not, and on a rising vote it voted almost unanimously to organize. Ballots were then passed and the following officers elected: President Prof. L. N. Tyers vice president, Miss Klintworth; secretary-treasurer, Miss Prinzel. Executive committee to act with officers: Miss Bessie Rinsinger, Miss Hearn and Miss Tyers. Chairman of program committee, Mrs. Everett Martin, with power to appoint two other members. The second Friday night in the month was selected as nights of meeting. The name of club was left open for a contest, the one suggesting best and most appropriate name Secretary Eberstadt offered \$2.50 to be given by the Bryan Chamber of Commerce, to be decided at first meeting of club.

Miss Roten, home demonstration agent, addressed the meeting on "Woman's Work," and told of the splendid work of the Kurten Woman's Home Demonstration Club and what an inspiration this club had been to her and without a Community Club Brazos county will surely hear from the Kurten women.

Dr. W. F. Odom was called on, and stated that he felt that this club was a step in the right direction and that Kurten needed just such an organization for young and old to come together at least once a month and have a good time, and he pledged his best efforts to make it a success.

Mr. W. H. Buchanan stated he was in favor of any and everything that was helpful to the community and that he was ready and rearing to go to put over the best Community Club in Brazos county.

Mrs. W. H. Buchanan said other communities have these clubs and are getting worlds of pleasure out of them and she was happy that Kurten would have one.

Mr. Everett Martin talked on the good this club would be to the community along educational lines and he would do his all to make the club a success.

Mrs. Everett Martin said: "There isn't anything that succeeds like success and to have success we must have a real spirit of co-operation, for 'united we stand, divided we fall,' and the Community Club will surely

serve a long felt want."

Mr. W. J. Lawless made a splendid and highly interesting talk, on the early days in Kurten, the many great obstacles which were overcome and the same spirit that was here in those days were here now. That's all the community needed was for its people to come together and enjoy often such a meeting as we have had tonight and said he was sure in favor of the club.

THE BRAZOS RIVER RECLAMATION ASSOCIATION TO MEET IN BRYAN

President Lawrence Has Called a Meeting for November 28, to Adopt Legislative Policy for the Coming Session—Forty Texas Counties in the Association.

BRYAN, Texas, Nov. 13.—John M. Lawrence, president, has called a meeting of the Brazos River Reclamation Association to convene in Bryan on Tuesday, November 28, at 2 o'clock p. m., for the purpose of laying plans to present the needs of Brazos River watershed to the legislature which will convene in January, and further to have a general discussion, by those interested, of the problems that must be solved to accomplish flood prevention and other benefits possible through flood control. The permanent committees will be named at this meeting or soon after, in order that no phase of the work will be neglected. Please arrange to be present and to bring with you all interested citizens of your county. Please advise me if you will be present or represented at the meeting.

Organization Meeting.

Resolutions adopted by the Brazos River Reclamation Association of Bryan, Texas: At the organization meeting, May 15, 1922—Bryan, Texas, May 15, 1922. Your committee appointed to name this organization and to recommend officers for said organization beg to recommend that the name of this organization shall be "THE BRAZOS RIVER RECLAMATION ASSOCIATION" with headquarters at Bryan, Texas. The officers of said organization shall be: John M. Lawrence of Bryan, president; A. D. Jackson of College Station, secretary; E. H. Astin, vice president, Bryan, Brazos county; W. C. Page, vice president, Somerville, Burleson county; Ward Templeman, vice president, Navasota, Grimes county; T. S. Henderson, vice president, Cameron, Milam county; D. C. Giddings, vice president, Brenham, Washington county; Dr. H. W. Cummings, vice president, Hearne, Robertson county.

We further recommend that this organization urge the first session of the legislature to make a topographical survey of the Brazos River, or such parts or sections as recommended by the State Reclamation Engineer of Texas.

We further recommend that this organization go on record as favoring the remission of state taxes for a period of ten years on lands overflowed along the Brazos River during the year 1922. We further recommend that other counties along the Brazos River be invited to join this association. We further recommend that the executive committee determine the amount of money to be raised by each county for expenses of this organization. (Signed:) Lee J. Rountree, E. H. Astin, Earl Potter, John D. Rogers, Ward Templeman.

W. C. PAGE, Temporary Chairman; JOHN M. LAWRENCE, Temporary Secretary.

Second Meeting Held.

At the called meeting Bryan, Texas, June 7, 1922—We, your committee on former organization, desire to further recommend that the accomplishments of the purposes for which this organization was formed requires the extension of the scope of its activities. We recommend that the Brazos River Reclamation Association embrace the following counties in the Brazos River watershed, and such other counties as will join the movement: Brazoria, Fort Bend, Waller, Austin, Washington, Grimes, Brazos, Burleson, Robertson, Milam, Lee, Williamson, Travis, Bell, Falls, McLennan, Limestone, Hill, Johnson, Bosque, Coryell, Lampasas, Burnett, Mills, Hamilton, Comanche, Erath, Hood, Somerville, Parker, Palo Pinto, Stephens, Eastland, Brown and Young.

We recommend the organization of the association that there be, in addition to the officers previously provided for, an advisory committee composed of one member from each of the counties declared entitled to membership and from each other organization having membership and that these members of the advisory committee be designated as vice presidents of the association.

We recommend that an executive committee of seven members be created, they to be appointed by the president, subject to the approval of the advisory committee.

We further recommend that the executive committee be instructed to formulate a policy of management and suitable by-laws for the association, such policy to direct the association until its next meeting the association may ratify the plans and recommendation of the committee.

We recommend that this association invite individuals and transportation organizations and other interests to become members of the association.

We further recommend that the president appoint a legislative committee of nine members, and that the president and the secretary of this association be ex-officio members of

the association.

Resolutions Were Adopted.

Whereas, uncontrolled flood waters periodically devastated our fertile valley lands constitute an increasingly grave menace to the general welfare; and

Whereas, the public need for essential agricultural production necessitates the establishment and prosecution of comprehensive reclamation and flood prevention policies by both state and national governments; Therefore be it

Resolved, that we urge upon the legislature of Texas the establishment and active advancement of a constructive and comprehensive policy for flood control and reclamation which will contemplate legislative aid in the prevention of restructiv overflows in the lower reaches of our river valley by adequate provisions for the conservation and utilization for irrigation and all beneficial purposes of surplus surface and flood waters in Texas stream watersheds, in addition to the protection that surveys may demonstrate to be practicable in levee construction.

Resolved further, that we recommend the appointment of a committee of this body to make a careful study of the constitutional authority as embodied in the conservation and reclamation amendment of 1917, and other provisions of the constitution, and the body of statutes enacted under existing constitutional provisions and report upon the legislation deemed essential to the inauguration and prosecution of the state policy of the water conservation, reclamation and flood control herein recommended. The said committee shall be authorized and directed to enlist the active co-operation of the State Reclamation Department, the State Board of Water Engineers, the Texas Agricultural Experiment Station, A. & M. College, the State Forestry Department, and other agencies of the State and National Governments, and to co-operate with representatives of other organizations and individual in securing needed legislation.

National Subjects.

Resolved, that we urge upon the congress of the United States the tremendous importance to the national welfare of the inauguration of a national policy of co-operation with the states or with districts within the states, clothed with authority of governmental agencies in comprehensive reclamation work, including the prevention of overflows of lands capable of agricultural production.

Resolved, that we endorse and urge the early passage of H. R. 11740 introduced in the 67th Congress by Congressman Tom Connally, providing for a preliminary examination of the Brazos River with a view to the control of the flood waters.

Resolved that we endorse and recommend the early enactment by the Congress of the United States of the Smith-McNary reclamation bill now pending before Congress.

Resolved, that a copy of these resolutions be transmitted to each member of the Texas delegation in the Congress of the United States. (Signed:) Leonard Tillotson, E. H. Astin, Lee J. Rountree, Ward Templeman, Committee. (Unanimously adopted) June 7, 1922. John M. Lawrence, president; A. D. Jackson, secretary.

Advisory Committee Named.

The following additions are made to the advisory committee, each with the title of vice president: Judge M. S. Munson, Angleton, Brazoria county; W. P. Eldridge, Sugar Land, Fort Bend county; C. B. Gillespie, Sugar Land, Sugar Land Railway; L. A. Machemehl, Bellville, Austin county; L. D. Amsler, Hempstead, Waller county; Lee J. Rountree, Bryan, Bryan Eagle; W. A. CONGRESSMAN BUCHANAN IS FOR A CONSTITUTIONAL CONVENTION

(By Hugh Nugent Fitzgerald in Austin American)

Hon. J. P. Buchanan of Brenham, in the county of Washington, is the congressional representative of the tenth district, which includes Travis county and the capital of Texas. Congressman Buchanan served several times in the lower house of the Texas legislature before he was elected to a seat in congress by the former constituents of Albert Sidney Burleson.

Stands for Conservation
"Buck," as his intimate friends call him, has been there ever since. He was elected by an overwhelming majority this year. And while he was on his way to the national capital he stopped over in this city to say "hello" to his son who is a university student and to pay his respects to old friends. "Buck" is a conservative democrat. He never did take kindly to the new democracy or the frills or the trimmings which have been used for decorative purposes on the mudsills of the ancient democracy. Four years ago when the republican party was swept into power this tenth district congressman said:

"This has become a government of commissions or boards or bureaus and the federal government has been thrusting its nose into the affairs of states, corporations, associations and individuals until seemingly the old order of things has passed away. There wasn't a chance for the democrats to have defeated the republicans this year. No man could have been nominated with sufficient popularity to have enabled the democrats to continue their hold upon the government."

Departure from "Ancient"
"We have departed from the ancient form of government, the government of the fathers and the result will be that no political party will be able to retain power continuously for more than eight years and the time may come when a president after serving four years will be defeated for re-election and a man of the opposite political faith will be handed the reins, only to lose them at the end of his term. Government interference with business and the individual rights of the voters has created dissatisfaction from the beginning and this dissatisfaction seems to grow greater all the time." Congressman Buchanan is opposed to all the modernists in American politics. He has but little time for socialism or socialists, he has scant respect for political straddlers or side-stoppers; he has supreme contempt for demagogues and he longs for the return of the days of simplicity and economy which prevailed in the long ago.

His Constitution Views
A coterie of democrats, including Hon. Lee J. Rountree, of Brazos county, discussed the old constitution in the hearing of "Buck." As he was a Texas lawmaker before he became a national lawmaker, he picked up his ears, listened attentively and finally gave his fellow-democrats some advice. He declared that if Texas is to be given a new constitution it would be a mistake for the legislature to provide for a large number of delegates to the convention to be called. Large bodies are bulky bodies, he said, and difficult to get under way. If he had the calling he would name two delegates from each congressional

district and four delegates for the state at large. This would provide for a constitutional convention of 40 delegates or 39 active members after a permanent president of the convention had been elected. Of course, he was merely advising as a democrat and fellow citizen. He didn't come to Austin to tell lawmakers what to do or to make suggestions. He has troubles of his own. He isn't borrowing any problems.

New Proposition Up
Now it is said that Representative Rountree has a new proposition—a convention of 170 members made up of one delegate from each of the 150 representative districts, one delegate from each of the congressional districts and four delegates at large representing the senatorial representation. There are one hundred and fifty members of the lower house of the Texas legislature. It is a huge body numerically speaking. This being a platform demand the legislature could fix the number of delegates—whether it be 40 or 170. Representative Rountree said. If the new constitution proposed does not suit the people of Texas they will vote it down.

All the surface signs indicate that the lower house will be strong for a new constitution, or rather the drafting of a new constitution for submission to the people. There are 31 senators. A joint resolution has to get through the senate and each member is a bit proud of his exalted office and never surrenders his prerogatives without a fight.

"Buck" Opposes Bonus
But back to "Buck," the congressional representative of this district and the exponent of old-time democracy. He has voted three times against the soldiers' bonus bill. He would like to see the proposition submitted to the people of Texas. Official Washington says that the American Legion will press the bonus bill at the extra session of congress called for November 20 by President Harding, and National President Alvin W. Owsley of the American Legion is quoted as having said the morning after election: "One thing is certain—we will have new material to work on in Washington."

Texas Needs New Constitution
"For fifty years Texas has been operating under the present constitution," Representative Rountree said. Then the state had 700,000 people and now has 5,000,000. There were 93 members of the house of representatives and now there are 150 members. There was \$100,000 to appropriate and now there is \$400,000 for the two years. In the 1876 document A. and M. College is allowed \$40,000 only for two years and now the need is \$4,000,000. We have a wonderful document in principles but its working facilities are obsolete. In 1876 there were 280 bills introduced in both houses and now there are 1600 bills. We should not quibble over the size of the delegate body for we should deliberate over the making of a new organic law. A few paltry dollars or a few days' time after fifty years should not deter us from facing our duty for constructive legislation in the future—public utilities, our forests, our flood and our drought area our public schools higher institutions of learning, private and public health departments are demanding attention. Shall we fail over details? I think not!"

CHANGE IN HER

"I had lost nearly all faith in medicines, but I am thankful a thousand times over that I ever believed in Tanlac strong enough to try it," recently said Mrs. Martha Baker, 508 East Sixth Street, Gastonia, N. C.

"My daughter thinks I might not be here now if I had not used Tanlac, and no doubt she is right, for I was failing pretty fast. The lightest kind of food hurt me and many times I could not retain anything I would eat. I was also fearfully nervous, couldn't sleep, and got up mornings completely worn out."

"After I got Tanlac I improved so rapidly that my neighbors were astonished and wanted to know what I was doing for myself. I am just like a new person now and I know at least a dozen people who have taken Tanlac and got well on account of what it did for me."

Tanlac is sold by all good druggists. (Adv.)

Fifty-five visitors were guests of Bryan Rotary today at its regular weekly luncheon.

"Feeling Fine!"

"I was pale and thin, hardly able to go," says Mrs. Bessie Bearden, of Central, S. C. "I would suffer, when I stood on my feet, with bearing-down pains in my sides and the lower part of my body. I did not rest well and didn't want anything to eat. My color was bad and I felt miserable. A friend of mine told me of

CARDUI

The Woman's Tonic

and I then remembered my mother used to take it. After the first bottle I was better. I began to flesh up and I regained my strength and good healthy color. I am feeling fine. I took twelve bottles (of Cardui) and haven't had a bit of trouble since."

Thousands of other women have had similar experiences in the use of Cardui, which has brought relief where other medicines had failed.

If you suffer from female ailments, take Cardui. It is a woman's medicine. It may be just what you need.

Reduce Your Production Costs

Farming, like every other business, must cut down the overhead.

It is not a question of being able to afford a Fordson; it is a question of being able to continue farming on the old too-costly basis.

The farmer's problem is not all a sales problem; it is also a production problem. He must cut down the cost of production.

The Fordson does more work at a lower cost and in less time than the old hand methods.
